### WORK OPPORTUNITIES

Health care abilities and facilities continue to grow and prosper in Blue Earth. The quality of health care available in our city is typically found in much larger cities. Blue Earth stands out when compared to similar communities with regard to health care and we will continue to make it a high priority.

## CITY

Blue Earth gets its name from the Blue Earth River that surrounds the town. The river was given the Native American name "Mahkota" (meaning Blue Earth) for the blue-black clay found in the river banks.
