**MISSION:** Enhance the lives of older adults with a friendly warm environment.

The leaves are changing colors and the temperatures are now getting cooler, crops are being taken from the fields and field are left bare for the winter months. Enjoy the many different colors of leaves as they are beautiful to see (Maybe not to rake) with all the different colors of orange, red, yellow and browns. It seems to me a lot of these days are grey with no sunshine. We need the sunshine for energy. To help these grey days, come to the Senior Center for fellowship, coffee, lunch, and to join in with all our other activities. Don't stay home alone!! Come join us and enjoy the seasons and our events.
