Linda Jahnke will fill in the estimated prices for each project. The meeting room repairs are partly done. We are waiting for the flooring to get put in. We will have a float at Giant Days and will also be giving out information at the Faribault County Fair about the Senior Center and the activities as people asking about them.

Linda Jahnke is working on getting prices for refrigerators and will bring the estimates back to our next meeting.

There was no new business, or any other discussion, so the meeting was adjourned.
